## Ghost and History Tours

with Tim The Yowie Man

*The bizarre, gruesome, terrifying and sinister side of Canberra - Australia's mystery capital?*

This is the history they don't put in the guide books, this is a tour that shines a spotlight into the hidden underbelly of the nation's capital. A unique, 90 minute experience visiting sites of crimes, hauntings and murder in Australia's national capital. Visit the darker side of Canberra's past and hear tales of:

- The Canberra funeral parlour that was once a hot bed of espionage activity.
- Which Canberra church used to be a train station at Sydney's Rookwood Necropolis (City of the Dead)?
- An Australian Prime Minister who haunts a popular Canberra hotel.
- Why some security guards refuse to work at Old Parliament House.
- The truth behind tunnels linking the Lodge and Parliament House.
- The diplomat who was turned into a pin cushion by blood thirsty murderers.
- Missing coffins in Lake Burley Griffin.
- The embassy plagued by screams from the past.
- An old homestead that makes people's noses bleed.
- And much much more.

Under the cover of darkness, four participants will be transported (vertically) around Canberra's locations of mystery and intrigue in Elvira, the world's most haunted hearse, a beautiful black 1967 air conditioned Cadillac!

Your guide for the night will be Tim the Yowie Man:
